---

Vitrolife is a global biotechnology/medical device Group that works with developing, manufacturing and selling advanced products and systems for the preparation, cultivation and storage of human cells, tissue and organs. The company has business activities within three product areas: Fertility, Transplantation and Cell therapy. The Fertility product area works with nutrient solutions (media) for the treatment of human infertility. The Transplantation product area works with solutions and systems to maintain tissue in optimal condition outside the body for the required time while waiting for transplantation. The Cell therapy product area works with media to enable the use of stem cells for therapeutic purposes.

Vitrolife today has approximately 80 employees and the company's products are sold in more than 80 markets. The head office is in Kungsbäcka, Sweden, and there is a subsidiary in Denver, USA. The Vitrolife share is listed on the O-list of the Stockholm Stock Exchange.
